Enormously Heavy Business

The past six weeks' sale record here has eclipsed all previous trading. In fact, the business was so much greater than we anticipated that we nearly depleted the magnificent stock we opened the season with. Our buyer went to New York two weeks ago to replenish the line, and these late purchases are just now beginning to arrive. The garments are, if anything, more fascinating than the early showing, as new features are embodied here and there that render them more attractive.

The following items out of this recent purchase will be especially exhibited tomorrow, and merit your investigation:

TAILORED SUITS

In Cheviots, Broadcloth and Mixtures, such pleasing shades as purple, mulberry, rose, green, red, brown, black, gray mixtures, etc., in extremely long coats, etons and blouses, bought within the last two weeks and right up to the minute in style.

Prices \$15.00 to \$60.00.

facing, crepe de chene and net.

A wonderful line of fine tufted waists that won't split. Really worth \$6.00. Black, white and all other shades.

Price \$5.00.

CLOTH COATS

A new lot of handsome broadcloth, light weight kidney and fancy mixture materials. In the very newest ideas. Also a big assortment of rain coats. Coat time is now here and the coming evens will find a selection of unusual elegance. A wonderful line of children's coats.

Prices \$5.00 to \$6.00.

NEW WAISTS

This department contains some of the choicest waists ever created. Handsome novelty garments in white, black and evening shades, made of chiffon, taffeta

Molasses Cane as a Feed.

Molasses cane is sweet, juicy and rich in nutriment. Cattle and horses are very fond of it and will eat the stalk as well as the blades. A friend of mine planted four acres in molasses cane two years ago, dropping it in hills like corn. After it had tasseled and the seeds were well formed, he cut it up in shocks twelve hills square. That winter he fed it to four horses and several cows. He declared to me that one shock of the cane would go as far as four shocks of common corn fodder. His stock looked well in the spring and he had fed them but little grain with the cane fodder.

Another one of my friends thinks so much of molasses cane as a feed that he has been sowing broadcast several acres for a number of years. He cuts it with a binder when it is a little higher than spiced wheat. After it has been cured in small shocks he hauls it to his feed lot and stacks it like he would oats or wheat. He has fed it to his cattle, horses and

sheep to a good advantage. Besides being good as a feed it is an inexpensive one. It may be a little harder on the land than other crops, but it pays in the long run.—W. D. Neale, in N. W. Agriculturalist.

Tinsley's Appointment Certain.

The situation in the Eastern district of Kentucky with reference to appointment of a District Attorney was finally cleared up by President Roosevelt Thursday. Congressman J. H. Bennett, who has been championing W. G. Dearring for that position, called on the President, and learned that J. H. Tinsley positively will be appointed. The President lets no doubt that the matter is finally disposed of. Dearring had the support of the State organization. Tinsley was backed by Congressman D. C. Edwards.

Occasionally the string on a man's finger only serves to remind him that he has forgotten to take it off.

Protecting the Quail.

Sportmen in the country are trying to prevent the "pot hunters" from destroying the quail which already are few compared with numbers in former days—as may be judged from the fact that in 1810, according to the statement of the naturalist Audubon, they could be bought for 12 cents a dozen. In 1831 they were commonly purchased at 50 cents per dozen, being even then a delicacy obtainable by the poor; but the price today ranges from \$3 to \$5 a dozen.

The demand for quail exceeds the supply, and on this account the birds are sought persistently by market hunters everywhere. A single dealer not long ago sold 100,000 of them in one season. No wonder, then, that dear little "Bob White" is disappearing.

At a conservative estimate, from 300,000 to 400,000 sportmen go out from our cities every autumn to hunt quail. Of course, they kill a great many of the birds, but they do not wipe them out wholesale, and, in compensation, they pay a great deal of money to farmers who own good shooting land. Besides, paradoxical as it may seem, they exert a powerful influence for the protection of the "Bobwhite." Many individuals and clubs own or lease large tracts where they maintain the birds and shoot only the surplus. These enthusiasts assist in the enforcement of game laws, restock depleted coverts, and provide for the quail in times of scarcity.

Some clubs are organized for the purpose of holding "field trials," the object of which is to test the ability of competing dogs to find and point quails. Retrieving being not being required, the birds are not shot. Such trials are held in a score of States, and in some of the contests more than a hundred dogs are entered. A few owners of field-trial dogs have preserved their own, stocked with quail, and live "Bobwhites" for purposes of the kind are in demand at high prices.

A number of clubs control, each of them, preserves of from 5000 to 20,000 acres, on which no shooting is allowed—or, if permitted, is carefully regulated—and suitable measures are taken for protecting the quail and facilitating their propagation. The birds breed rapidly, and under such conditions they multiply at a surprising rate.

—Saturday Evening Post.

Asparagus Beds.

November is the time to attend to the asparagus beds. A well-kept bed requires very little work, but a neglected asparagus bed requires a great deal more work in the way of manuring, cutting weeds, asparagus, etc. The asparagus tops should be cut now before the seeds ripen well and drop to the ground. This prevents the growing of young asparagus plants broadcast over the beds. As soon as the asparagus tops are cut and removed, the beds should be well manured. This will give the beds a good winter protection and keep the ground well loosened during the winter.

The following spring the beds should be spaded up lightly in order to turn under the remaining manure. However, the beds should not be spaded too deep, for fear the spade may injure the roots or crowns. If the asparagus bed is getting too old or dying out, a young stock of plants is easily obtained as soon as the asparagus seed is ripe. The seed plants may be cut and hauled into the shed and the seed berries can then be beaten off with sticks. Then comes the tedious task of separating the seeds from the pulp and hull.

This is accomplished by throwing the seed balls into a tub or barrel with water. A rammer made of wood should be used and the barrels worked until the seeds are washed, separated from the hull. The seed should then be taken and spread over floor not thicker than one-half inch, and frequently stirred with garden rake until dry.

Make Merry.

Eat and make merry, but beware of evil consequences if you have a weak stomach. Better prevent possible trouble by a dose of Dr. Caldwell's Pepian Syrup after an extra heavy meal. It helps to digest your food and quickly carries away all waste matter. Sure cure for headache and constipation.

Sold by W. S. Lloyd, at 50 cents and \$1.00. Money back if it fails.

Secretary Taft is at present in the Isthmus of Panama, looking carefully into matters affecting the government interests there. It is claimed that for the amount of money expended up to this time on the Panama canal work, \$10,000,000, little results have been obtained, and that much of this amount has gone to pay salaries of more or less superfluous officials. Secretary Taft will personally investigate these matters and may be depended upon to institute various reforms whereby more results will be secured in construction work.

Energy all gone? Headache? Stomach out of order? Simply a case of torpid liver. Burdock Blood Bitters will make a new man or woman of you.

It is estimated that the American apple crop is this year about 40,000,000 bushels short. The latest estimate places the total crop at 250,000,000 annual, against 289,000,000 last year, Wisconsin has suffered more than any state, but the shortages are also very marked in Michigan, Iowa and Minnesota. Further east the crop is more nearly a normal one, although some falling off in New York, Pennsylvania and Ohio. New England has secured a reasonably good crop, including Maine, where the quality is remarkably fine.

What is human perfection? Wise men talk about it but never teach it themselves. Let them talk about it ten thousand years hence.

Fear and doubt are the parents of prayer; half the people only pray when brought face to face with death.

W. S. Lloyd Successful.

After a great deal of effort and correspondence, W. S. Lloyd, the popular druggist, has succeeded in getting the Dr. Howard Co. to make a special half-price introductory offer on the regular fifty cent size of their celebrated specific for the cure of constipation and dyspepsia.

This medicine is a recent discovery for the cure of all diseases of the stomach and bowels. It not only gives quick relief, but it makes permanent cures.

Dr. Howard's specific has been so remarkably successful in curing constipation, dyspepsia and all liver troubles, that W. S. Lloyd is willing to return the price paid in every case where it does not give relief.

The old-fashioned idea of dosing with mineral waters, cathartic pills or harsh purgatives will soon be a thing of the past. The best physicians are prescribing Dr. Howard's specific because it really gives the desired results and on account of the small and pleasant dose that is needed.

Headaches, coated tongue, dizziness, gas on the stomach, specks before the eyes, constipation, and all forms of liver and stomach trouble are soon cured by this scientific medicine.

So great is the demand for this specific, that W. S. Lloyd has been able to secure only a limited supply, and every one who is troubled with dyspepsia, constipation or liver trouble should call upon him at once, or send 25 cents, and get sixty doses of the best medicine ever made, on this special half-price offer, with his personal guarantee to refund the money if it does not cure. Nov 22-Dec 6.

The merchants and landlords of Danville are organizing a unique protective association. Each landlord supplies every member of the association with a list of people to whom has rented and who have been dilatory in paying rentals or from whom it has been impossible to collect. The members take upon themselves an obligation combined with a heavy forfeit not to rent to such tenants until they have first satisfied the original landlord to whom they are indebted. The same policy will be pursued by the merchants in selling goods on credit.

All parties holding claims against the city of Mt. Sterling will please file them with the City Clerk or some member of the Council on or before Nov. 30.

New York apple men will get \$2 per bushel for their fruit on the trees this year. Last year they were glad to get 60 cents, and much fruit was not picked at all.

ANNOUNCEMENTS.

FOR CONGRESS.

We are authorized to announce Judge H. Clay McKee as a candidate for Congress in the Tenth District, subject to the action of the Republican party, its convention or other vote.

AGAINST THE INEVITABLE.

If the vote of Breathitt county as reported is correct, it is to be hoped the contests of Judge Harris and others as reported in the daily papers will be abandoned. Contests are all right when there is evidence that frauds sufficient to change results have been practiced. For the growth of parties honesty must prevail.

The majorities of the fusion ticket in Breathitt are so large that public sentiment goes with them, and if there be any technical errors they will not be counted. It is the people of this county, regardless of party affiliations, that have brought out these majorities, and their sovereignty will prevail.

It is believed that these majorities are the initial steps toward the adjusting of conditions in Breathitt, and if the contestants would regard their own future interests, they would humbly bow to the voice of the people and be good.

A CANDIDATE.

In this day of vote buying it is expensive to become a candidate and the majority of men postpone a formal announcement to the very last moment; one fellow will want the candidate on his note, another will want to borrow a hundred dollars and others smaller amounts all the way down the scale to the cost of a drink. This may be the reason it has been so hard to find out whether or not Hon. Frank Hopkins will stand as a candidate for Congress to succeed himself. We have finally pulled the eye-tooth however, and can of a truth say Hon. Frank Hopkins is a candidate, is ready to give an account of his stewardship and also a reason why he should be re-elected.

ANOTHER CANDIDATE.

In this issue Judge H. Clay McKee makes his formal announcement as candidate for Congress in the Tenth district, subject to the action of the Republican party. This announcement should please both the Republicans and Democrats of the District. The Republicans because they could not elect him more honorable, upright, capable and industrious representative. Because if elected he would represent his entire district just like Senator McCreary does him.

The Representatives in Congress would know he was there, and his constituency would also know it. Way back yonder when John Henry Wilson was in Congress, some bills were presented asking for appropriations for public buildings. McKee would get those appropriations. He would see to it that the streams that get mite appropriations in successive years, and which go down with the first tide, came all in a lump, and whatever was necessary would be done permanently. He would be for measures not because they were of Republican origin, but because they had merit that would

be for the betterment of the people it mattered not their source.

Democrats would be proud of such a nomination of the Republican for the reason that if a Republican could be elected we would know they had given of their best and that there would be little cause of alarm from any act on the part of Judge McKee. He could not be partisan, for he is not built that way, and would represent the entire people. We know of very few Republicans that would deal fairly with all the people. Democrats would also be proud to know that if defeated one of the very best men of the Republican party had gone down.

ELECTRIC LINE.

The Magistrates will be asked for right-of-way over that part of the Mt. Sterling & Paris and Mt. Sterling & Mayville turnpikes within Montgomery county for an Electric Line coming from Paris to Mt. Sterling. We are informed that there will be capital sufficient to put the proposed line through in the shortest time. We do not anticipate any trouble in obtaining this right-of-way. Such a road would be of great value to Paris and Mt. Sterling, and citizens along the proposed line. It increases the value of lands, of farm products, makes city-broke horses of the country horse, increasing their value, and adds greatly to all kinds of produce and property. We shall encourage the enterprise. Younger Alexander, Lexington, H. A. Powers, Paris, John L. Collins and W. A. Thomas, North Middlesex, and J. M. Bigstaff and M. O. Cockrell, of this city, head the enterprise.

PUBLIC SALE

OF BLUE GRASS FARM.

At the Court House door in Mt. Sterling Ky., on County Court day December 18, 1905, at 1:30 o'clock p.m., I will offer for sale at public outcry a tract of 110 to 120 acres of the Northern end of my farm; that is, all that part of same lying North of a line to be made by extending the line between Thos. H. Grubbs and me Eastwardly to the Hinkton Pike, the exact area to be ascertained by survey.

The land lies $\frac{1}{2}$ miles from Mt. Sterling on the Hinkton Pike; has on it a comfortable frame cottage and combined stock and tobacco barn, good cistern and other buildings, is in excellent neighborhood and is bounded on the North by R. B. Crooks and the Ragan lands; East by the Hinkton Pike; West by Thos. H. Grubbs, and South by my other land.

TERMS:— $\frac{1}{2}$ cash, $\frac{1}{2}$ in one year and $\frac{1}{2}$ in two years, with notes for deferred payments bearing six percent interest and secured by lien on land. Purchaser may pay as much more cash as he pleases and shall have right to take up notes before maturity.

PRIVILEGE of entry for sowing grain or grass or entering other work will be given at once and full possession on March 1, 1906. Purchaser must pay taxes for 1906.

For further information call on or write to either of my sons, John G. Pierce or Robert H. Winn, at Mt. Sterling, who will show the land to anyone interested.

HARGIS AND THREE OTHERS

FIRE CONTEST. Fusion Candidates Have Received Certificates of Election.

James Hargis, Matt Spencer, H. Hudson and Hirland Center filed contest proceedings late Saturday afternoon in the Breathitt Circuit Court for the offices of County Judge, Sheriff, County Clerk and Jailer, respectively. The grounds alleged for the contest are fraud, bribery and intimidation at the recent election.

The official canvass of the votes cast in Breathitt county was made by the election board, and of course, were turned to the successful candidates, who will enter upon their duties at the proper time without regard to the contest filed. The contest cases will be tried in Breathitt Circuit Court before Judge Ridle, unless one side secures a change of venue or swears the Judge off the bench. The officers elected will be sworn in and serve while the contests are pending in the Circuit Court and the Court of Appeals, to which they will undoubtedly be taken.

SEA LEVEL

FOR THE PANAMA CANAL RECOMMENDED.

WASHINGTON, D. C., Nov. 18.—(I) A vote of 8 to 5 to favor the Board of Consulting Engineers of the Isthmian Canal commission, a body which embodied the greatest and most representative single mind ever taken in the world, placed itself upon record in favoring the construction of the Panama canal on the sea level.

This decision represents the outcome of nearly three months of hard work. Early in September the engineers gathered from all parts of the world, the President wishing to avail himself of the best talent as well as to avoid adverse foreign criticism in the future, had called on the governments of five nations distinguished for successful construction of great hydraulic works, to send each one of their best engineers to assist the American engineers in a decision on the momentous question of construction of the Panama Canal at a sea level or at greater altitude involving a system of locks.

The board of engineers is made up as follows:

Alfred Noble, engineer of Pennsylvania railroad.

William Barclay Parsons, engineer of underground system in New York.

Isham Randolph, of the Chicago Drainage Canal.

William H. Burr, professor of engineering in Columbia College.

F. P. Stearns, hydraulic engineer of Keil Canal, appointed by German Government.

G. H. Abbott, one of the greatest of the American engineers, who has made a study of the canal for years.

Joseph Ripley, chief civil engineer of "Soo" Canal.

Henry W. Hunter, of Manchester Ship Canal, appointed by English Government at request of President.

Adolph Guaerd, one of the leading civil engineers in the employ of the leading naval powers of Europe.

Eugen Tincuazor, chief engineer of Keil Canal, appointed by German Government.

E. Quellenze, consulting engineer of Sue Canal.

G. W. Welcker appointed by Netherlands government.

HEAVY LOANS THE CAUSE.

The Lenora, National Bank of Morehead, Ky., closed its doors Friday night.

Its capital is \$25,000, and it is owned by James C. Mulligan, of Morehead.

W. B. T. Beckner, president of the bank, was informed that the Lenora had loaned \$15,000 to the representatives of the combined C. & O. Lumber Co. and the Winton Lumber & Mill Co., the latter being the firm which operates near Prestonsburg, Ky., and also that parties had secured \$5,000 from the bank at Olive Hill and more than \$6,000 from a West Va. bank, and also that these lumber companies were in trouble.

At the time of our visit there was no excitement. On Saturday application was made to Mt. Sterling banks for assistance which was refused. This was followed by the closing. L. P. Morris, Vice-president of the bank, is president of the lumber company. He and family left Morehead late Saturday night. Warrant has been issued for his arrest for alleged crookedness in a deal for ties.

The writer attended a banquet given on Thursday night by the Winchester Commercial Club in honor of the committee of State Development Association and the Revenue and Taxation Commissions. The ladies of the Episcopal church prepared the feast which was served in nine courses. A string band disclosed sweet music. Covers were spread for 125.

Four tables, beautifully decorated and lighted, were laden with good things to eat, water and coffee.

Judge J. M. Benton was toast master. He called upon the writer to return the gavel to the owner of all good gifts. The following speakers responded to the toast:

Eastern Kentucky—Hon. P. A. Hopkins, One Kentucky—Hon. Gen. W. Hickman; Our Neighbors—Hon. Jas. H. Hazlewood; Remarks and Reminiscences—Hon. Jas. H. Mulligan; Our Railroads—Chas. S. Grills, of Louisville, who took the place of C. C. McChord, Ken.

Ky.'s Future was assigned to C. J. Bronstrom, but he was absent. Impromptu speeches were made by Sullivan, Jno. E. Gaines and Judge Beckner.

Such meetings with such distinguished men voicing such sentiments, will do much for the development of our State and the City of Winchester.

The Commercial club is to be congratulated both for securing the meeting of the two committees for the banquet. We would be pleased to give many of the thoughts expressed.

THREE CORNERED.
The Postoffice Has Three Applicants Asking to Become its Master.

James O'Connell, now that John C. Wood is an applicant for Postmaster at Mt. Sterling, is making the harder fight for the position. He thinks the final decision will be between John C. Wood and himself, and if the Postmaster General regards the wishes of the local patronage of the office that he will receive his recommendation and be a sure winner. He knows Wood made an acceptable postmaster for two terms, believes he has been fully endorsed by the Government, and that he would stand a better chance for promotion rather than take a step backward from Railroad Commissioner to which place his party continued him in office for two terms. O'Connell assures the patrons that he will make an acceptable official, urges his claims upon party principles and from the fact that he is in need of the position.

If loyalty to party principles, attentiveness to business and acceptability to the patrons is to count for anything, Mr. O'Connell counts himself a winner over Hall and Wood.

About 150 cattle on the market. The quality was good, but the number of sales made during the day. Prices were lower, owing to the demoralized condition of the fat cattle market. A few picked 1100-pound steers sold at \$3.60 and \$3.65, two other bunches at \$3.50, but the bulk of sales at \$3.15 to \$3.40. Yearlings in demand at \$3.00 to \$3.25; heifers at \$2.25 to \$2.75; cows at \$2.00 to \$2.50; calves at 1 to 1 1/2 cents. A large crowd at the pens with buyers from all counties around, with some buyers far east as Ashland, these parties buying about five car loads. Enough cattle left over unsold to make a big day Tuesday. Some of the sales were as follows:

Nick Hudsen Jr. sold 19 950-lb. steers to Wielch & Co., at \$3.30.

Jeff Atkinson sold 50 1000-lb. steers to Solomon & Co., at \$3.00. Solomon & Co. sold to pick 1075-lb. steers out of this batch at \$3.65 to Warren Rogers.

J. W. Chenuault bought some nice 850-lb. steers at \$3.15.

Silas Stover bought 16 950-lb. steers of Hadden Bell at \$3.25.

J. A. Holtom sold 35 900-lb. steers to Harry Caywood at \$3.20.

John T. Thomas sold 10 870-lb. steers to T. J. Thomas at 1 cent.

A. S. Hart sold 29 900-lb. steers to Clifton Prewitt at \$3.25.

Chas. Hainline sold 6 nice 1000-lb. steers to Kendle & Cason, of Cynthiana, at \$3.60.

Fannin Bros. of Ashland, bought 10 725-lb. yearlings of Chas. Stefford at \$3.35.

Dr. Ricketts sold 20 800-lb. steers to Hadden Bell at \$2.90.

Ross & Wilson sold 35 650-lb. steers to S. R. Burroughs, of Bourbon county at 2 1/2 cents.

Thos. Adams, of Fayette county, bought 100 800-lb. steers at 2 1/2 to 3 cents.

Kendle & Cason, of Cynthiana, bought 6 950-lb. steers of Mr. Finey at \$3.25.

Green Allen sold 6 650-lb. steers to George Bramblett, of Cynthiana, at \$3.60.

John Cannon sold 23 900-lb. steers to Fannin Bros. of Ashland, at 3 cents.

Fannie Bros. Bought about 40 head at \$3.20 to \$3.35.

Louis Lengfelder bought 4 1000-lb. steers at \$3.25.

Hen Sayers sold 14 775-lb. yearlings to John Skillman, of Bourbon county, at \$3.25.

Wm. Lusk sold 9 750-lb. steers at \$2.60.

Wm. Bird sold 22 600-lb. steers to Geo. Bramblett at \$2.75.

A great many other sales at these prices.

Mules were brisk and prices a shade higher. Quite a number on the market. No big heavy mules offered. 16 hand at \$175 to \$190; 15 1/2 hand at \$150 to \$165; 15 hand at \$125 to \$140; Small mules at \$90 to \$110. Carthers & Beard, of Lexington, McLeintock & Co., of Milner, bought about a car load each, with smaller dealers and farmers buying freely.

Horses were about as usual, some fair to good horses sold at from \$25 to \$150, platings at \$45 to \$85. No fine horses sold.

AMERICANS

Win in Salt Lake City, Overthrowing Mormon Municipal Rule.

The American party, founded for the express purpose of overthrowing the influence of the Mormon Church in municipal affairs, gained a decided victory in the election of Salt Lake. Ezra Timpon was elected Mayor by a plurality of 925 over Richard P. Morris (Democrat and Mormon), candidate for re-election.

Japan in Control.

On Sunday the Emperor of Korea and his ministers closed a convention with Japanese representatives, whereby Japan establishes suzerainty over Korea. Japan administrators will govern the country under the Emperor, and occupy its easy ports. Korean diplomatic affairs will be transferred to Tokio and no arrangements will be made with other countries without consent of Japan.

Snatched Diamond.

On Wednesday as W. E. Cassidy of Lexington, was boarding a train in Cincinnati, two thieves snatched a valuable diamond pin from his tie and escaped. When Mr. Cassidy noticed the loss he left the train on the Kentucky side of the river and telephoned to police headquarters. Detectives arrested two suspects and telegraphed Mr. Cassidy who went to Cincinnati on Thursday.

Prewitt Farm Sold.

The Eva Clay Prewitt farm at Thompson Station was sold in this city on Monday. It was first offered in two tracts. The large tract of 269 55x100 was knocked off to Wm. Wills, of Clark, at \$100,000 per acre. The small tract of 161 13x100 acres to Andy B. Hampton at \$100 per acre. When offered as a whole there was no advance on the bids, so the two merged the tracts, a total of 431 36x10 acres, for \$43,119.47.

Shot While Hunting.

On Friday, Prince, son of John E. Young of Spencer, was shot by the accidental discharge of his gun. One toe was amputated and others were injured.

For Sale.

A well improved farm containing about 132 acres, 2 miles south of Mt. Sterling, residence within three hundred yards of turnpike. Will sell in two tracts or as a whole. Phones 711 or 48. Post office box 551. 12-6

Boy Shot.

On Saturday Felix Bryant, 15, who lives with Wm. Tyler, was out hunting with Prof. Gunn. While the Prof. had his gun across his shoulders behind his neck the gun was discharged, the contents striking the boy in the elbow and back. He is not seriously hurt.

He who waits for something to turn up is likely to turn up in the alibihouse.

BANK MONEY ORDERS.

We take this opportunity of calling your attention to BANK MONEY ORDERS, a new feature in banking which we are introducing. You will find them convenient for sending small amounts of money to other cities in payment of merchandise, subscriptions to papers, etc. They are absolutely safe and are payable everywhere. Their payment is guaranteed by the American Surety Company, of New York, which has a capital of \$1,000,000. We issue a receipt for each order purchased. You do not have to write out an application for them, as you do a Postal Money Order, and you are thus saved delay and inconvenience. The cost is also less than the money orders, being as follows:

| | |
|------------------------|----------|
| Amounts \$5 and under, | 2 cents |
| Amounts \$5 to \$10, | 5 cents |
| Amounts \$10 to \$25, | 10 cents |
| Amounts \$25 to \$50, | 15 cents |
| Amounts \$50 to \$75, | 20 cents |
| Amounts \$75 to \$100, | 25 cents |

SIN'S CONSEQUENCES

Innocent Indulgence Often Brings Trouble. W. S. Lloyd
Offers Means of Escape

The consequences of violating
physical law are often as unpleasant
as the breaking of a moral rule. The innocent indulgence of
over-eating brings consequences
that amount to real suffering. In-
digestion is not natural; it is not
right; it should not be. W. S.
Lloyd offers a means of escape in
Miso-n tablets that is simple and
practical.

These simple tablets are com-
posed of such valuable medicinal
agents as bisulphite subgallate,

which is superior to all other remedies
for stomach troubles, cerium
oxalate, ant tonics and correctives
which promote the action of the
digestive organs, strengthen the
whole digestive tract, and make it
possible to eat what you like and
when you like.

Ask W. S. Lloyd to show you the
guarantees under which he sells
Miso-n. It costs nothing unless
it cures. The risk is all his.

Watch the Turkeys.

Says a Pennsylvania farmer: "I
always know when there is going to be a
wind-storm, by watching the turkeys and
chicks go to roost each night. In calm
weather the fowls always roost on the
poles with their heads alternating each
way; thus, one faces east, the next
west, and so on."

"But when there is going to be a high
wind, they always roost with their heads
toward the direction from which the
storm is coming. The reasons for these
different ways of roosting, I take it."

"When there is no wind to guard
against, they can see other dangers more
readily if they are headed in both direc-
tions, but when wind is to arise, they
face it, because they can hold their posi-
tions better. But the part I can't under-
stand is how the critters know that the
wind is going to rise when we mortals
lack all intimation of it."

If You Have Dyspepsia Read This.

The old way of taking pepto, bismuth
etc., to cure dyspepsia is wrong. The
object is to create artificial digestion, but
this does not cure. Stop taking the per-
petual dietetic medicine and you will
feel better.

The only common sense method is to
drive out of the system the cause of dys-
pepsia, by cleansing the stomach and
intestines. The best method for this is
Dr. Gunn's Improved Liver Cure by this method
the cure is permanent. One pill for
a day—25 cents. Write Dr. Bo-

THANKFUL PEOPLE.

They Are Found In Every Part Of
Mt. Sterling.

Many citizens of Mt. Sterling
have good reasons to be thankful
for burdens lifted from aching
backs, which they bore patiently
for years. Scores tell about their
experience publicly. Here's a
few of it:

Samuel T. Greene, of Mt. Sterling,
Ky., says: "Doan's Kidney
Pills were worth their weight in
gold to me. That is my opinion
and the following are my reasons:
For a good many years I suffered
with kidney trouble brought on I
believe by straining myself at
heavy lifting. The dull aching
across the small of my back and
the sharp pains if I stooped or
straightened made life anything
but pleasant to me. There was
also a very annoying and distress-
ing urinary difficulty particularly
observable at night. I took all
kinds of medicine supposed to be
good for kidney trouble and doctor-
ed a great deal, but without ob-
taining any noticeable benefit until
I tried Doan's Kidney Pills.
The change the first box made in
my condition was surprising and
I continued the treatment by tak-
ing another, when all symptoms of
disordered kidneys disappeared and
I felt myself cured."

Dr. Wm. S. Lloyd Says He Does Not Charge Anything for Vinol Unless It Gives Satisfaction Results.

When asked by a reporter of this Advocate how he would make a broad offer in regard to any medicine, Mr. Lloyd replied:

"If Vinol was a patent or secret preparation it would be another thing, but it is not, everything it contains is named on the label."

Vinol is really the up-to-date system of administering cod liver oil, which for centuries has been recognized as the grandest of all body-building agents for wasted strength and vitality, and during the last five years we have seen it produce such grand results that we are now willing to back it with any kind of a guarantee.

In Vinol we have simply done away with the useless, systematizing oil and have given to the people all the medicinal, body-building elements of cod liver oil in a highly concentrated and deliciously palatable form, and we have never sold in our store a medicine of more curative and strength creating value than Vinol.

If the people of Mt. Sterling realized its value we would not have clerks enough in our store to supply the demand for it,

in a natural manner Vinol tones up the digestive organs, makes rich red blood and creates strength. We can only ask the people of Mt. Sterling to try it on your guarantee,"

W. M. S. Lloyd, Druggist.

RESULTS

The word results means a whole lot to the farmer of to-day and it is especially attractive to the homeseeker or those seeking new locations. If we tell you of one country where we are sure of success, then you know us. In the only section of the country in the land and the best results will follow—a State which the government reports will show leads in the production of wheat. It also ranks among the first in the raising of corn, alfalfa, timothy and other products, together with stock raising. We speak of

KANSAS

The great State of the West, where lands can be purchased from \$5 to \$10 per acre with equipment, and the cost of the \$50 per acre lands of the Eastern States. EASTERN COLORADO is identical in most respects and the same opportunities are offered there. Buy quick while the lands are cheap and secure the benefit of the instant investment.

Send to the KANSAS & COLORADO RAILWAY, to have the land offered, allowing stop-over at pleasure in certain territory for inspection of lands, etc. Write us and we will send you complete literature and full information.

Running water is not a necessity for ducks, though it is an advantage. Swimming water is needed where ducks are raised for their feathers. A chance to keep clean gives nice, white, clear plumage. And keeping stock water pure and clean is easier where ducks have plenty of running water.

Without the addition of drugs or medicinal ingredients in sufficient quantities to change materially the character of the alcoholic liquor.

The fact that these compounds, during the existence of the statute imposing tax on proprietary medicines were without the necessity of investigating their medical character, does not detract from the law made subject to that fact, because they were held out to the public as medicines, does not afford ground for relieving the manufacturers from special tax as rectifiers and liquor dealers under the provisions of section 3244, Revised Statutes and amendments.

It is held that the statute requires the exactation of this special tax from the manufacturer of every compound of distilled spirits, even though drugs are declared to have been added thereto, when their presence is not discoverable by chemical analysis or it is found that the quantity of drugs in the preparation is so small as to have no appreciable effect on the alcoholic liquor of which the compound is mainly or largely composed.

The same ruling applies to every alcoholic compound labeled as a remedy for diseases and containing, in addition to distilled spirits, other substances or ingredients which, however large their quantity, are not of a character to impart any medicinal quality to the compound; but where substances undoubtedly medicinal in their character are combined with whisky or other alcoholic liquor and are used in sufficient quantity to give a medicinal quality to the liquor other than that which it may inherently possess, such compound, of course, will not be excused in this ruling.

The ruling in this case, arising under the terms of this circular will be determined by this office, not merely upon examination of the formula submitted by the manufacturer of the compound, but upon result of the analysis made in the chemical laboratory here of samples obtained in the open market and in the local internal revenue officers and agents.

The ruling as to these compounds is in the fourth paragraph of Circular No. 608 (Treasury Decisions, 1901, vol. 4, p. 210), "That, if they are composed of spirits in combination with drugs, herbs, roots, etc., and are held out as remedies for diseases stated in labels on the bottles they are to be regarded as medicines until the facts ascertained, as to the purpose for which they are usually sold or used, show them to be not remedies until such facts are obtained, druggists and manufacturers who sell these compounds and medicines who sell medicines only are not to be called on to pay special tax as liquor dealers on account of such sales," is hereby revoked.

Paving blocks of Oak wood are now coming into use a great deal for street paving. The blocks are six inches square and eight inches long. They are next to impossible to move and are hard to remove. One of the main features of the wood pavement is that it will stand more wear than either asphalt, brick or stone. Not only that, but it deadens the noise of traffic. It is therefore highly recommended for residence streets and those having schools, hospitals, libraries, court-houses, etc. located cut em.

Facts and Observations IN MENEFEE COUNTY.

Circuit Court, Candidate for Congress, Race Suicide, Etc.

The writer spent Tuesday and Wednesday attending Circuit Court at Frenchburg. The McGraw poison case was continued. The acting Judge Will A. Young is an attorney in the case. The suit by Sam Turley, of this city, against a Louisville firm involving a shipment of marble was continued owing to absence of de- fendant.

We have attended many courts in this and other districts. We do not remem- ber having seen many insignificant cases brought to a Circuit Court—espe- cially in character and supported by no sufficient testimony. Partial admis- sion or need be a switch or appearance in a magistrate's court would no doubt have been more avail- ing and appropriate. We presume the grand jury is responsible for returning judgments. Possibly there was "split work." During court, the room was usually uncomfortably crowded. We recommend a con- ference of the judge, the bar, county officers, visiting attorneys and citizens generally to act as a committee of the whole, or severally to select some intelligent and experienced men to lower a window or two during the next session. In fact, each to the interest which selection should be made during the ensuing term so that he will have ample time to practice. To show our interest in this public enter- prise we will furnish free handbills calling together the public and explaining the object of the assembly. We were informed that our townsmen, the Hon. John E. Cooper, while mingling with the crowd, announced his candidacy for Congress.

There is much of the true, beautiful, harmonious, gentle, lovely and good in this world—sometimes general—some- times scattered around in spots. Some- times it is mixed with what is bad, so often that one cannot see these phases of life.

That they do give some direction to our thoughts there can be no question, exerting an influence "for time and eternity." While traveling on trains, backs, horseback, in public halls and hotels, on the street, here, there, people unwillingly and un- doubtedly hear what should not be heard, what should not be spoken. All men should heed the words: "Let the words of thy mouth be acceptable in thy sight, O Lord, my strength and my redeemer." "The abundance of thy heart, the mouth speaketh." "Am I thy brother's keeper?"

All men should be pure in thoughts, words and deeds. Christians are of necessity "in the world," but should not

be "of the world." We have heard words of severe criticism, reprobation or abuse of those people who do not conform their lives to God's plan. Recognizing our own and their tendencies to wrong, we lament, admonish and pray, hoping that by God's mercy and goodness we (all persons) may present their bodies a living sacrifice, wholly acceptable unto God. We have been deeply impressed, in fact, have been made sad, by some facts (during these two days,) which have prompted these observations. Yes, we know that Facts & Observations will soon come in that we never heard. We send them on their mission for good. Let us remember that thoughts, words and deeds make a life.

At 4 o'clock we met Mr. Jesse Cassidy. He has been married twice and has 21 children, 16 of whom are now living. No pains. We have heard about "race suicide."

We returned home on Wednesday night.

We went to Winchester on Thursday see another column— H. W. Tripple.

The Northwestern Mutual Life gives you the best to be had. Ask ARNOLD about it.

The Republican Habit of Bolting.

Whitley and Pulaski, the two northern Republican counties of Kentucky, kicked over the traces and indulged in bolting Republican or independent tickets at the recent election, and in each instance the bolters made a practically clean sweep.

When the Republicans became disatisfied with existing conditions, whether in Ohio, or Pennsylvania, or Kentucky, they go to the polls and their votes are counted as cast. Lexington and Fayette county are no more Democratic than Pulaski and Whitley counties are Republican, but such a revolt in the ruling party as passed these two mountain counties from their party moorings would be met by Payne's Democratic organization with few more colonies of reptiles and a few more wagon loads of negroes hauled from jails to polls over the city and county—Lexington.

Gone to Denver.

For some days Mr. Pete Stephens, of Denver, Col., has been visiting on State Creek, in Menefee county. He came to take his aged mother, Mrs. Polly Stephens, to make her home with him. They left on Saturday afternoon. This is his first visit to his old home in 22 years. Many times will he think of and no doubt long for "the old Kentucky home far away." We hope that there will come sunshine and cheer to the aged mother and that the dutiful son will be greatly blessed.

DEATHS.

WILLS—Those Wills, aged 73, died with pneumonia on Thursday night, Nov. 16, 1905, at the home of his sister, Mrs. Ennis Hallinan, at Levee, in this county. The funeral service was held on Saturday morning by Rev. C. R. Carnahan.

GINVIN—Mrs. Pattie Poynier Gilvin died at her home in Sharpsburg, October 24, 1905, after a short illness, aged 39 years. She leaves four children to mourn her death. She was a pillar of profession of her faith in Christ at the early age of 9 years, and lived a consistent Christian life, dying in a firm belief of the resurrection. Burial in Sharpsburg cemetery.

MCALISTER—John Barnes McAlister died in his home on November 15. His remains were brought here on Saturday and, after a service at the home by Rev. H. G. Turner and Rev. H. D. Clark, his body was taken to the Owingsville cemetery and buried after a service at the grave by the Order of Elks of which order he was a member. Mr. McAlister was a son of Mr. J. L. McAlister and wife and was 35 years of age. He is survived by his parents, two sisters, Mrs. C. W. Gouppaster, of Owingsville, and Mrs. Kate Martin, of Ashland; and two brothers, C. G. McAlister, of Lexington, and Arthur McAlister, of Kansas City.

LOCKRIDGE—After many weary months of suffering from a chronic throat trouble, Andy Lockridge passed into the unseen Thursday, November 16th. His funeral was preached by E. E. Dawson in the presence of a large crowd of sorrowing friends and relatives at the residence of his father, Mr. Charles Lockridge, who died in 1901. "My life hasn't been great as I should have wanted it. I am lost unless Jesus saves me." We are glad to know that there is salvation for the eleventh hour man—that Jesus came to seek and save the lost. He said at last, "It is well with my soul." His life was a short one, he being only 36 years old. Tired and worn by struggles and suffering with and without—sufferings and struggles the world knew not of—he at last sought rest in Jesus, even as his wasted body found rest amid the silent trees and sweet grass of the family burying ground.

ARNOLD can provide for your family after you are dead. Ask him about it.

THE SICK.

John E. Young, of Spencer, who has been seriously sick, was improved on Saturday.

Enoch Stone, grandson of E. B. Ralls, of Sharpsburg, is dangerously sick with fever.

It is with great pleasure that I render my most heartfelt thanks to my physician and many friends for their kind and Christian act to me during my late illness. May the choicest blessings of our Heavenly Father remain with those through this life.

Mt. Sterling, Kentucky.

A detectable fault is one we can trace to somebody we dislike.

It is easier to talk about ruling man,
kind with love than it is to do it.

Cowardice is a nightmare that troubles
some men when they are awake.

Anything that is unnecessary is dear
no matter how cheap it may be.

Many a man thinks he has praiseworthy
aspirations when he only aspires to be
praised.

You cannot tell how much a man has
invested in the church by the interest he
takes in the dividends.

When a man buys a horse on his speci-

fications he is likely to call his folly
faith and its consequences the dispensa-

tion of Providence.

Note
the
Extra
Heavy
Cone
Center
Grate

In BUCK'S HOT BLAST HEATERS with plenty
of space between the edge of the grate and fire pit.
This enables ashes to drop through the pan. The
grate is heavy, self-cleaning and clinkers will not
form in the grate. It crushes and mashes all foreign
matter.
